

LITTLE BOYS USED  
VISITOR'S BUGGY

Mr. Robbins Thought Mel Stolen  
But Discovered That Boys  
Had Borrowed It.

A mule belonging to Mr. L. B. Robbins of Belton, R. F. D. No. 2, found his mule and buggy yesterday afternoon after a search of several hours, they having been stolen from the place where he had left them.

Mr. Robbins came to the city yesterday morning about 9 o'clock and took his mule out from the buggy at the Excelsior Oil Mill and bled him there. About 12 o'clock he started to go home but discovered that both mule and buggy were gone.

The police and county authorities were notified and then a search began. All of the police and officers in the neighboring towns were notified and all promised to keep a sharp lookout.

Late yesterday afternoon Mr. Robbins and Deputy Williams rode up toward North Anderson and met the mule and buggy, they being used by four little boys, ages from 10 to 12. They claimed that a man had hitched up the mule for them and had told them to use it. The boys' fathers were notified and a satisfactory agreement was reached.

PLACING CONCRETE  
NOW IN CITY PAVING

Approximately 1,600 Sq. Yards  
Placed—Plenty Material and  
Work Going Ahead.

Approximately 1,500 square yards of concrete were put down on West Market street yesterday by the paving company, and Mr. W. E. Barnett foreman, stated yesterday that they always planned to place 1,600 square yards every day. This was the first day that the machinery and force had been put to placing the concrete mixture and everything was working well.

Everything is now out of the way and it is thought that the work will go along rapidly. A force of about 35 hands are being employed in connection with this work and when the asphalt plant starts operation next week there will be a total of about 1700 hands employed.

The laying of the concrete was begun just west of the C. & W. C. railway tracks and will be carried toward the west end of the street.

**Oh, Splash!**  
Second Mill is one of the most popular resorts about Sumter just now. Nearly every afternoon a number of young men and recently some young ladies, visit the popular resort to go in bathing. The water is said to be fine, clear and cool, but with enough warmth about it to make it "just right." The bath houses have not yet been completed, but will be shortly.—Sumter Item.
